GROUP

Manufacturers and wholesalers  
of premium workspace furniture  
and accessories

formetiq®

METALICON®

narbutas

Arrow was launched in 2009 to wholesale office furniture from the Lithuanian manufacturer Narbutas. Over 10 years later we still stock and distribute the excellent Narbutas range as well as manufacturing our own unique designs of furniture and accessory products, including our much loved Metalicon® range of monitor arms and other accessories.

In 2020 we acquired Hyphen Office Furniture in Sheffield allowing us to expand our warehouse and delivery capacities and further improve the service we offer our customers across the UK. We now hold around £1.5m of stock all available for immediate delivery by own delivery and installation teams on our own vehicle fleet.

We stock and sell our three brands of office furniture and accessories exclusively to the trade so we never compete with our dealers. Your business is our business, so we strive to support you with sales leads and extensive resources. Arrow's sales and support staff mostly come from dealer backgrounds, so we can empathise with your challenges in a way other manufacturers can't.

Furniture for the modern workplace

**narbutas**

**Narbutas design and manufacture modern, durable and functional furniture from their 36,600m<sup>2</sup> factory headquarters in Lithuania.**

Their team of over 700 staff perform woodworks, engineer and paint metal constructions and machine fabric to produce upholstered furniture components.

As Narbutas' largest accredited partner-distributor, we bring unique product expertise and unrivalled service to every workspace design project.

With Arrow not only can you order any item from the entire Narbutas range (no minimum order) but we also hold large amounts of Narbutas stock.

products

Dynamic. Expressive. Enduring.

**An ever growing range of ergonomic  
office furniture accessories.**

Intelligently designed by our team of experts, the Metalicon® range was launched back in 2013 in response to a growing need for robust but refined accessories to support the office furniture market. We now supply our patented Metalicon® products to customers worldwide.

Form. Function. Intelligent design.

**formetiq<sup>®</sup>**

**Our innovative range of contemporary furniture is designed to efficiently enable modern working environment and practice.**

Everything we create aligns with our three core beliefs: it must look beautiful (form), work well for you (function) and be made in the most resource-effective manner (intelligent design).

Redefine work as a place that feels right. Choosing furniture for the workplace should be a pleasure not a chore. Days spent in a well-designed workspace will be a pleasure too and an improved working environment invariably brings increased productivity.

Formetiq<sup>®</sup>  
products are  
held in stock**

# Desks

---

Single desks

---

Bench desks

---

Sit/Stand desks

---

Executive desks

*Move executive sit/stand desk*

Desking is the starting point for any office design and the most important piece of workspace furniture - where the workforce spend the majority of their time.

The Narbutas ranges of bench desks can be arranged to suit every conceivable office layout and offer various metal and wood leg options as well as various different desktop finishes.

Our new Formetiq® range of Alto electric sit/stand desks and benches includes a sleek 3 stage desk frame option with powerful twin motors and programmable Bluetooth control panel including advanced anti-collision with adjustable sensitivity.

# Tables

---

Meeting tables

---

---

Conference tables

---

---

High tables

---

---

Media Walls

---

---

Coffee tables

---

*Nova Wood HPL table range*

Most of the desking system ranges offer meeting, conference and breakout tables in the same style with both metal and wooden leg options and MFC, veneer or HPL tabletop finishes.

Our Formetiq® Opto range of flexible conference tables includes flip-top, folding leg with castors and detachable leg options.

# Storage

---

**Pedestals**

---

**Cabinets**

---

**Shelves**

---

**Cupboards**

---

**Lockers**

---

**Wardrobes**

---

*Boxi storage towers*

The Narbutas MFC storage ranges are designed to match with the desking and tables and are available with multiple finish combinations.

Modular systems can be built to fit into any office environment, whether against walls or doubling as room dividers and cater for filing, clothing and personal belongings. Secure storage lockers can be designed to make real visual impact with the addition of multiple colour finishes.

We stock units from the Uni & Uni Plus storage ranges as well as MFC pedestals.

# Seating

---

Task chairs

---

---

Meeting chairs

---

---

Conference chairs

---

---

High chairs

---

---

Lounge chairs

---

---

Soft seating

---

*Tango seating range*

We offer seating to suit every environment and requirement from robust but flexible task and operator chairs to stackable conference chairs, comfortable lounge chairs in a huge choice of fabric options and flexible modular soft seating ideal for reception areas and entrance foyers.

Many chair ranges come with a choice of base options including metal and wooden legs or a swivel base with or without castors.

# Screens & Booths

---

**Desktop dividers**

---

**Modesty panels**

---

**Room dividers**

---

**Acoustic panels**

---

**Meeting booths**

---

**Workpods**

---

*Arcipelago Wood meeting booth*

With Formetiq® desktop divider screens available in fabric or Perspex® and Narbutas acoustic fabric screens and panels available in a wide range of fabric colour options you can create a truly unique space to suit your exact requirements.

Meeting booths and workpods help to create quiet, private breakout spaces in any busy workspace environment.

# Accessories

---

**Monitor arms**

---

**Power modules**

---

**Cable management**

---

**CPU holders**

---

**Sit/stand accessories**

The Metalicon® range of ergonomic office furniture accessories is designed to keep workspaces clear, tidy and comfortable to work at.

Our growing range of power modules offers everything required both on the desk and underneath, linking seamlessly together to reduce cable clutter and save valuable desk space.

We have engineered our cable management spines to be incredibly easy to install and adjust but difficult to break apart, thanks to the unique 'twist-not-pull' linking system.

# Visit our London showroom in the heart of Clerkenwell

Home to several commercial interiors brands, 47 Gee Street is a fantastic venue for inspiration and resources for workspace design, fit-out and furnishing.

The showroom includes Arrow Group's Formetiq® workspace furniture and Metalicon® accessories, and Caffia's coffee machines.
